

MRS A V N COLLEGE

Annual Report

2020-21

PREPARED BY
Principal

Mrs A V N College, Visakhapatnam

Principal's Annual Report 2020-2021

I present the achievements of both students and staff in the field of academic and non-academic fields. The teachers of the college are able to conduct online classes effectively during the covid period. Students and staff have participated in the COVID extension activities. The COVID isolation center is arranged in the college with the help of District administration. I congratulate toppers and achievers in academic and outstanding performers in non-academic fields for their wonderful performances during the academic session 2020-21. This academic year has brought many accomplishments and also made us see the gaps in some areas where there is a definite scope for improvement.

Online and offline classes are conducted without interruption due to COVID. Online quizzes are conducted. Faculty published 4 research articles in UGC CARE list journals. One book chapter published by the faculty. Students have completed as a part of experiential learning. One student is selected for a one year technical internship in ISRO, Sriharikota. Government, institutional and alumni scholarships, to the tune of 35 lakhs are given to the students.

We strongly believe in the concept of holistic education and strive to achieve its goal of preparing students to meet the challenges that we face in the 21st century. We believe it is important to provide education that focuses on the all-round development of human personality and helps a person in his or her strong intellectual formation as well as emotional maturity. Guided by this principle, we prepare our students not only for academic success but also for life skills.

We assess the students' strength and weakness in academics and aptitude and address their needs through Mentor-Mentee, Add-on Certificate Courses, Courses on Life Skills, and Special Talks/Lectures by experts in their respective fields as well as emphasis on Counseling and Personality Development, we use information technology and internet and other visual aids in our teaching methods.

1. Academic Performance of our Students

The overall result of the graduating batch of 2018-19 was quite satisfactory under the CBCS system. I congratulate each one of them and hope that many more will emulate these outstanding performers and excel in the upcoming Exams.

2. Achievements by Faculty

One of our teaching faculty, A Srilakshmi, after having successfully defended their doctoral thesis, received the Doctor of Philosophy (Ph.D) Degree in 2020-21. Good news

is that some of our teachers are on the verge of completing their doctorates while others are either pursuing Ph.D at different stages or starting their course work. We wish all of them the very best!

3. Awards /Recognitions

Our college is proud of achieving awards and recognitions in the field of Swachh Excellence, awarded by Greater Visakhapatnam Municipal Corporation, Visakhapatnam

4. Accolades in Sports and other Extra-Curricular Activities

One of our students, Gosala Raju, is awarded as Youngest Mountaineer to Summit Mount Everest by Book of World Records. He also climbed Mount Kilimanjaro, Tanzania, Uhuru peak 5895. The college has participated/achieved medals in the event of target ball, Karate.

5. Departmental Workshops/Seminars

Our college values continuing education and constantly encourages the departments to organize conferences, seminars and workshops. Thus, it creates opportunities for the faculty to develop them professionally and also to disseminate knowledge. A new impetus was given for departments to organize workshops during the academic year. Here are the details: IQAC team organized one-day workshops and training for teaching and non-teaching staff. IQAC, in partnership with the Dept. of Mathematics, organized a workshop on **Group theory** which was participated in by many scholars from different colleges and universities besides our faculty members. About 65 staff Members attended for various workshops, Faculty development programmes and seminars this year.

6. Activities of NCC, NSS and Clubs

Our many clubs, cells and committees are always organizing activities by involving the staff, students and other stakeholders. NCC and NSS units organized beach Cleaning.

7. Institutional Future plans

Someone has said: “The future belongs to those who believe in the beauty of their dreams”

Keeping pace with the changing signs of the time, senior faculty members of the college revisited and modified the institutional vision, mission, priorities and goals that constitute the guiding light for us all at the college. These have been uploaded on the college website. Implementation of the institutional planning will take place in different phases:

The following are some of the plans for future:

- Renovation of of a new Hall in the first floor of the College Building
- Installation of CCTVs in the entire campus
- Facility for storing of roof water and rainwater harvesting

Thank you all

Principal
