Describe the problems you have identified in the community

The community has been well established and is well managed by the citizens of MVP Colony. Although it is well established there are many problems that the community is facing with has included the increased competition among the business people. The area has been developing and at the same time there have been more and more businesses in the locality.

Due to increased business competitors the sales have been reducing on their stage of perfect competition. The increased competition has begun. The introduction of corporate style of business into practice. The government has not been able to control. The increased competition is an unregulated market. The problem of survival is affecting heavily the locality as the Rythu Bazar is government aided and is supplying the vegetables at low prices.

Page No:

Short-term and long-term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

Short term action plan recommendation :-

- * to outlist the existing business and to regulate the new and upcoming business in the same locality
- * to eliminate the middlemen so as to get the vegetable at low cost so that they can gain margin
- * the government need to take action plan to reach the wholesale at a given path to eliminate corruption
- * there should be proper measure to take of the rotten the customer about the healthy food

Long term action plan recommendation :-

- * the Government has to regularly check the activities of middlemen so as to restrict them
- * the government has to conduct awareness program on vegetable marketing so as to educate both the customers
- * the government has to provide subsidy to the farmers to give them better seeds.

Description of the Community awareness programme/s conducted w.r.t the problems and their outcomes.

The community awareness program has been an important and innovative step taken to impart communication skills within a student, which is very important for their growth. The problems are known as we imparted with this and have a solution for the problems.

The community awareness program brought out the problem the locality is facing due to lack of proper rules and unregulated market (being founded by the community).

The outcomes are independent of the problem faced by the community as the individual shop has to be taken by the government to take stringent measures in the existence of middlemen and to provide cold storage facilities to the storage of vegetables. The vegetables are given for a year but the demand for the vegetables will be for the whole year. Hence the demand of using vegetables.

Report of the mini-project work done in the related subject w.r.t the habitation/village.

A mini-project work in the related subject w.r.t the habitation/village. (For ex., a student of Botany may do a project on Organic Farming or Horticulture or usage of biofertilizers or biopesticides or effect of the inorganic pesticides, etc. A student of Zoology may do a project on Aquaculture practices or animal husbandry or poultry or health and hygiene or Blood group analysis or survey on the Hypertension or survey on the prevalence of diabetes, etc.

The Report shall be limited to 8-10 pages.

Vegetable marketing plays a vital role in the market arena as the demand for vegetable are the whole year where as the crop is grown only for once but it has to be supplied for the whole year hence proper marketing vegetable techniques have to be implemented so as to save the interest of the consumers as part of the program a community service project has been undertaken and has been used as a weapon to introduce the importance of service community by vegetable the difficulties faced by locality and as part of the community service, project various shop in locality have were the gain over the others A questionnaire has been prepared.

Page No:

KR vegetable market :-

KR vegetable market has been an old and well established market in the locality of Seetha-madhava MVP Colony. It has a prominent place in the locality as its presence is known for years. The questionnaire has been answered as below.

- * The price is fixed on the purchase price they get.
- * The vegetable marketing helps them to improve and expand their business.
- * They use the perishable goods waste and will use to treat - organic.
- * Vegetable marketing will be an outsource to implement the techniques.

Chaitie Vegetables :-

Chaitie Vegetables has been a new business shop in a prominent place.

- * The dealing with customers plays an important role as it is the most and prominent way of doing business.
- * The price is fixed by the margin part of Chaitie.
- * The daily sales will be set outside as they wanted to know about their business growth daily.

Analysis of local area :-

As part of Community service project the local market and the local vegetable shops have been visited as part of the Community Service project. All the vegetable shops in the area have been visited and questioned as part of Csp noted down all the answers and were informed about the problems.

A report has been prepared keeping in view the short term and long term possibilities that has to be set in order to enhance the Community. Through this Community Service project we implement the skills of communication to communicate with the local played a vital role in the Community Service project.

Technically we learnt to do a business which has been a different phase to lead in life working under a person has been differentiate from owning a business the people have to mould themselves in order to gain customers and improve their businesses.

Hence the value of ethics learnt learnt through by the community service project shall be on released there to the students to reach their goals in the future
