Day - 5	manufacturing of the kind of Brands	manufacturing of mobiles in India, china	Asok
Day - 6	Branding logo	Branding logo one+ (1 <sup>th</sup> ), oppo vivo	Ari

## WEEKLY REPORT

WEEK - 4 (From Dt..... to Dt.....)

### Objective of the Activity Done:

### Detailed Report:

I conducted this survey was very complimentary was gathering outcomes of about the mobile usage.

mobile phones are powerful communication devices. mobile phones have become integral part of every one lives than were more than seven billion users around world wide. the numbers of smart phone users is also rising rapidly every time the mobile phone has turned from a technological tool to a social tool. telephone engineers has explained that the telephones engineers has made tool the business world. now a days mobile phones have become study symbol tool students mobile learning has emerged as a new technological achievements with the use of mobile technologies the potential tool objective teaching and learning still developing is still unclear. there base mobile phones have several applications are that can be useful in teaching and the learning process.

## CHAPTER 5: OUTCOMES DESCRIPTION

Details of the Socio-Economic Survey of the Village/Habitation. Attach the questionnaire prepared for the survey.

Questionnaire for socio-economic survey:

1. name of the respondent
2. name of the locality
3. Gender 4; Age
5. educational qualification and profession
6. what are the problems faced the society
7. do you receive any Govt schemes

Questionnaire for community service project

1. how does the mobile phones working in your daily life?
2. how you use mobile phone in your leisure time?
3. how many use hours do you spend on your mobile phones?
4. what is the use of mobile phones for teenagers?
5. are you addicted to smart phones?
6. what application (APPS) are used mostly?
7. Any harmful effects of mobile phones?

## Describe the problems you have identified in the community

1. Digital eye strain: eyes begin to burn and itchy blurred vision and digital eye strain cause headaches

2. sleep disturbances: cell phone addiction has been linked to an increase in sleep disorder and fatigue in users

3. Distraction: mobile is a disturbing device that creates distraction between your works it is seen in students that are easily distracted from their studies

4. Addiction to mobile phone: using mobile phones too much makes a person addicted to them

5. Health problems: excessive use of mobile phones causes the health problems and mental disorder such as anger, depression, anxiety, tension and others.

Short-term and long term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

mobile phone Addiction solution:-

short term solution:-

1. fix daily limit of hours for usage of mobile
2. turn off notifications of social media
3. obey yourself strictly for time spent on your phone
4. take a cell phone holiday

Long term solution:-

1. don't change your phone. You had a meditation yoga exercise and other maintenance activities reducing the craving from the dopamine rushes your phone provides
2. Take distracting apps off your home screen communication from good people
3. change habit of excessive use of mobile
4. limiting cell phone conversation, reduce movement as little as possible

**Description of the Community awareness programme/s conducted w.r.t the problems and their outcomes.**

1. Digital eye strain :- eyes begin to burn and itchy blurred vision and digital eye strain can

2. Full storage space

Solution :- Try to detect those files and apps that you do not use anymore you can easily delete old calls and text messages and clear the cache data.

3. connectivity Issues

Solution :- Enable the airplane mode for at least 1 minute. then try to connect again, occasionally you can turn off and on the connection that is failing and then try to connect it again

4. connectivity Issues.

Solution :- enable the airplane mode for at least 1 minute then try to connect again, occasionally you can turn close/delete apps, files and clear the cache data

5. bad battery life

Solution :- enable the battery saving mode and see if your battery lasts longer. check your battery usage in your phone settings and see which apps are using more battery you can close or disable the apps that are draining more battery if you usually do not need them

## Report of the mini-project work done in the related subject w.r.t the habitation/village.

A mini-project work in the related subject w.r.t the habitation/village. (For ex., a student of Botany may do a project on Organic Farming or Horticulture or usage of biofertilizers or biopesticides or effect of the inorganic pesticides, etc. A student of Zoology may do a project on Aquaculture practices or animal husbandry or poultry or health and hygiene or Blood group analysis or survey on the Hypertension or survey on the prevalence of diabetes, etc.

The Report shall be limited to 6 pages.

### → usage of cell phones :-

mobile phones are one of the most commonly used god gets in today's world they come in use for communicating through voice, messages and mails, we can also surf the internet using a phone most importantly we can click photos and record videos through our mobile camera

### → Advantages of mobile phones :-

- \* easy communication the main benefit of using the mobile phone is that they make the modal of communication easier and cheap
- \* education
- \* social media
- \* promoting business
- \* good for people safety
- \* helpful in emergency situations
- \* earn money via mobile
- \* Accessing the internet through mobile phones this is the most important advantage of smart phones.

## CHAPTER 6: RECOMMENDATIONS AND CONCLUSIONS OF THE MINI PROJECT

the survey is a unique examination of the modern phone or mobile technology use or utility.

This study facilitated data collection on existing patterns of mobile phone usage.

mobile phone technology has strongly integrated to aid the academic work and disrupt their daily activities. Despite the positive benefits of using a cell phone, not all people now use them for leisure time, time business school, and so much more. Cell phones are not just call phones anymore. People rely on them for video chatting, conference calls, searching the web, nearby restaurants, taking pictures of things, traveling using a GPS tracking system, etc. The majority of people own cell phones nowadays and people rely on them more than ever. Cell phones have become a part of everyday life and I could not imagine what it would be like having to live without having a cell phone. Being away at school and grandparents, although I am far away from them, cell phones are a vital service in the human connection because people are able to have connections that the past decades never imagined. The cell phone is an incredible invention that has altered our lives forever.

## Student Self-Evaluation for the Community Service Project

Student Name: *Vasupali Kesara*

Registration No: *120130803194*

Period of CSP: From: *8/9/22* To: *25/10/22*

Date of Evaluation:

Name of the Person in-charge:

Address with mobile number: *9347172350, Chattala Varu Keeshi, VSPS 500001*

Please rate your performance in the following areas:

Rating Scale: 1 is lowest and 5 is highest rank

1) Oral communication	1	2	3	✓	5
2) Written communication	1	2	3	4	✓
3) Proactiveness	1	2	3	✓	5
4) Interaction ability with community	1	2	3	4	✓
5) Positive Attitude	1	2	3	4	✓
