## Abstract of Traffic Rules Survey

### Traffic Rules and Regulations

#### Introduction:-

Do not driving license documents

- \* Valid driving license,
- \* Vehicle Registration Certificate.
- \* Valid vehicle's insurance Certificate.
- \* permit and vehicle's certificate of fitness.  
(applicable only to transport)
- \* Valid Pollution under control Certificate,  
on demand by a. Police officers, in uniform-  
or an officers of the Transport Department.  
produce these documents for inspection

## \* Rules of The Road

General Rules Keep left on a two way road to allow traffic from the opposite direction to pass on your right and, on a one-way road to allow vehicles behind you to overtake from your right,

When turning left keep to the left side of the road you are leaving as well as the one you are entering when turning right move to the centre of the road you are leaving and arrive near the left side of road you are entering

Slow down at road junctions intersections pedestrian crossings and road corners and until you are sure of a clear passage ahead where traffic is not being regulated give way to vehicles passing on your right

Hand Signals are necessary at certain times when slowing down extend your right arm palm down and swing it up and down when stopping raise your forearm vertically outside the vehicle when turning right or changing lane to the right hand side extend your right arm straight out palm to the front when turning left hand side, extend your right arm rotate it in an anti clock wise direction,

## \* Flashing Red Signal

You must come to a complete stop yield to all other traffic and to pedestrians ~~pedestrians~~ when the way is clear.

## \* Flashing Amber Signal

You should slow down and proceed with caution road when the signal is changing from green to red. If caught in the amber signal in the middle of a large road crossing do not press your accelerator in panic but do continue with care.

## \* Steady Green Arrow Signal

Proceed with caution in the direction indicated by the arrows. Remember that you must yield to all pedestrians and vehicles already in the intersection.

# \* Traffic Signals

Stop:-

stop well before the stop line and don't crowd the intersection. This not only obstructs a clear view of the intersection for other road users but also makes the zebra crossing unsafe for the pedestrians, you are allowed to turn left at the red signal unless there is a sign specifically forbidding you to do so, when turning yield the right of way to pedestrians and vehicles from other directions.

\* Important traffic Rules to follow to ensure,  
safety while driving :-

1. Always wear a seatbelt
2. Avoid distractions
3. Do not cross the speed limits
4. Service your car regularly
5. Maintain lane discipline,
6. Be careful during bad weather,
7. Maintain a safe distance,
