Instructions to Students for Community Service Project

Please read the detailed Guidelines on Community Service Project hosted on the website of AP State Council of Higher Education <https://apsche.ap.gov.in>

Link:

<https://apsche.ap.gov.in/Pdf/Guidelines%20for%20the%20OJT%20Internship%20Community%20Service%20Project.pdf>

1. It is mandatory for all the students to complete 2 months (180 hours) of Community Service Project as a part of the 10-month mandatory internship/on the job training.
2. Consider yourself a committed volunteer in the community, you work with.
3. Every student should identify the village/community/habitation for Community Service Project (CSP) in consultation with the College Principal/the authorized person nominated by the Principal.
4. Report to the community/habitation as per the schedule given by the College. You must make your own arrangements for transportation to reach the community/habitation.
5. You will be assigned a Faculty Guide from your College. He/She will be creating a WhatsApp group with your fellow volunteers. Post your daily activity done and/or any difficulty you encounter during the programme.
6. You should maintain punctuality in attending the CSP. Daily attendance is compulsory.
7. You are expected to learn about the community/habitation and their problems.
8. Know the leaders and the officials of the community/habitation.
9. While in the project, always wear your College Identity Card.
10. If your College has a prescribed dress as uniform, wear the uniform daily.
11. Identify at least five learning objectives in consultation with your Faculty Guide. These learning objectives can address:
 - Information about the community, including the realities and

problems of the society.

- Need for creating awareness on socially relevant aspects/programs.
 - Acquiring specific Life Skills.
 - Learning areas of application of knowledge and technologies related to your discipline.
 - Identifying developmental needs of the community/habitation.
12. Practice professional communication skills with team members, and with the leaders and officials of the community. This includes expressing thoughts and ideas effectively through oral, written, and non-verbal communication, and utilizing listening skills.
 13. **Be regular in filling up your Program Book. It shall be filled up in your own handwriting. Add additional sheets wherever necessary.**
 14. At the end of Community Service Project, you shall be evaluated by the person in-charge of the community/habitation to whom you report to.
 15. There shall also be an evaluation at the end of the community service by the Faculty Guide and the Principal.
 16. Do not indulge in any political activities.
 17. Ensure that you do not cause any disturbance to the inhabitants or households during your interaction or collection of data.
 18. Be cordial but not too intimate with the people you come across during your service activities.
 19. You should understand that during this activity, you are the ambassador of your College, and your behavior during the community service programme is of utmost importance.
 20. If you are involved in any discipline related issues, you will be withdrawn from the programme immediately and disciplinary action shall be initiated.
 21. Do not forget to keep up your family pride and prestige of your College.
 22. Remember that you are rendering valuable service to the society and your role in the community development will become part of the history of the community.

Acknowledgements

I would like to convey my heart felt gratitude to APSCHE for giving this wonderful opportunity to us and I'm also thankful to the Andhra University.

I would also like to thank our college and all the faculty members, who guided us in the completion of this project and also thankful for providing me with this wonderful opportunity to work on a project with the topic study of good habits. The completion of the project would have been possible without their help & insights.

Finally, I would like to thank my parents who helped me a lot in gathering different information collecting this project, despite of their busy schedules, they gave me different ideas.

Thanking you.

A. Pawari

B.Sc (MPCS)

CHAPTER 1: EXECUTIVE SUMMARY

The community service report shall have only a one-page executive summary. It shall include a brief description of the Community and summary of all the activities done by the student in CSP and five or more learning objectives and outcomes.

Babagardens is located at Visakhapatnam district. It is an urban neighbourhood in the Indian city of Visakhapatnam. The area with population of more than 50,000. The area is divided into call sectors. I have done my survey in two sectors. Where the people in this sector are highly qualified they answered very well for my questions. It is observed that people are following a very good time. It is consuming of healthy food, when compared with young age people and some other people are not being. And here the data is related to the food habits. Whether, which type are healthy and unhealthy.

CHAPTER 2: OVERVIEW OF THE COMMUNITY

About the Community/Village/Habitation including historical profile of the community/habitation, community diversity, traditions, ethics and values.

Brief note on Socio-Economic conditions of the Community/Habitation.

No. of houses visited : 20

Average No. of household members in family : 4

No. of houses in which more than 4 members : 8

No. of houses in which more than 3 members : 12

No. of houses in which more than 2 members : 20

No. of people living in own houses : 14

No. of people living in rented house : 6

No. of people taking healthy food and unhealthy food.

How many families are consuming healthy food : 50%

How many families are consuming unhealthy food : 50%

How many people are healthy : 75%

How many people are unhealthy : 25%

→ Common problems are reported by community participants.

1. Diabetes
2. Sugar
3. B.P
4. Obesity

→ Common problems observed by surveyors:

1. Mostly obese people are with sugar and diabetes

2. Even I have seen that many people are with obesity and malnutrition etc.

CHAPTER 3: COMMUNITY SERVICE PART

Description of the Activities undertaken in the Community during the Community Service Project. This part could end by reflecting on what kind of values, life skills, and technical skills the student acquired.

Now a - days , food habits becomes a growing problem around the world that effects not only the health.

Food is a basic need for every human being. Many government schemes are implemented on the distribution of food to everyone for their daily needs based on ration card. As per view on all eating the food does not make healthy just gives energy.

Methodology : for the present study the researcher concentrated on socio - economical background, health problems in relation to quality of foods and quantum of usage of common products with harmful chemicals by the people. An enormous range of fruits, vegetables, herbs, seeds, dishes etc.

While some of these items are too basic and are a part of our regular meals, others may have some mind -blowing qualities.

ACTIVITY LOG FOR THE FIRST WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day -1	L. Venkata Raman a Age : 52 Topic : Food habits Add : Sai Sampath, dabagan -dura, USP, 530020.	Eating a healthy food over all the day.	venkata
Day-2	P. Satya Rao Age : 50 Topic : Food habits Add : Sai Sampath Enclave, USP, 530020.	Their family is eating an healthy food and keeping them with hydration.	Satya Rao

Day - 5	K. Jagaduh. Age: 48 Topic: Food habits. Add: Sai Balaji residence, Akkayapalem, USP.	Eating healthy food daily.	Jagaduh
Day - 6	Gr. Ramuh. Age: 47 Topic: Food habits. Add: Sai Balaji residence, Akkayapalem, USP.	Sugar patient but now maintaining healthy food.	Gr. Ramuh

WEEKLY REPORT

WEEK - 3 (From Dt. 7.10.22 to Dt. 13.10.22)

Objective of the Activity Done:

Detailed Report: In this week, I was went to the another residency in our community (Sai balaji residency, Akkayalam). In that 50% of the family members were having health issues that are mostly (sugar diabetes) were following an healthy food diet which will helps the body diet which are in such an nutrition and vitamins which will helps the body very much in good condition. That helps body to get energy and much memory. Also the health foods.

Mainly in that residency that younger people are addicted to oily food, junk food which will give them is dopamine but not energy and healthy life. Even older people are following the (a) eating the healthy food.

ACTIVITY LOG FOR THE FORTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	P. Chathan Age: 24 Topic: Food habits Add: Sai Balaji Residency, VSP, Akkayapalem.	Eating healthy food.	Chathan
Day - 2	K. Raja Varma Age: 41 Topic: Food habits Add: Sai Balaji Residency, Akkayapalem, VSP.	Not having a proper diet	Rajawar
Day - 3	T. Krishna Veni Age: 32 Topic: Food habits Add: Sai Balaji Residency, Akkayapalem, VSP.	Eating healthy food and drinking 8 liters of water.	Krishna Veni
Day - 4	R. Revathi Age: 50 Topic: Food habits Add: Sai Balaji Residency, Akkayapalem, VSP.	Eating unhealthy food	Revathi
Day - 5	K. Thirumalsh Age: 25 Topic: Food habits Add: Sai Balaji Residency, VSP.	Eating healthy food	Thirumalsh
Day - 6	B. chandra. Age: 20 Topic: Food habits Add: Sai Balaji Residency, VSP.	Eating unhealthy food and healthy food	Chandra

WEEKLY REPORT

WEEK - 4 (From Dt. 18-10-22 to Dt. 25-10-22)

Objective of the Activity Done:

Detailed Report: In this week-4, I have prepared a few questions on the healthy diet on food habits. such as the number of times the person extra meal in a day.

After my completion of asking the question to the each person of the family. Then I asked about the healthy food they said that healthy food which are was taking in the only main thing for over body condition and health.

And, in some families younger person are eating on oil and Junk food daily which will damage the healthy life.

this time there is less sugar patients and all the bodies were following a such healthy diet.

ACTIVITY LOG FOR THE FIFTH WEEK

Day & Date	Brief description of the daily activity	Learning Outcome	Person In-Charge Signature
Day - 1	K. Ragahwa Age : 50 Topic : Food habits Add : Sai Balaji Residency Akkayapalem, USP.	Eating healthy food and sugar patient.	Ragha
Day - 2	M. Rajesh Age : 26 Topic : Food habits Add : Sai Balaji Residency, Akkayapalem, USP.	Eating unhealthy food and not drinking enough water.	Rajesh.
Day - 3	P. Suraj Age : 15 Topic : Food habits Add : Sai Balaji Residency, Akkayapalem, USP.	Eating lots of junk foods and having fat	Suraj
Day - 4	N. Rohini Age : 18 Topic : Food habits Add : Sai Balaji Residency, Akkayapalem, USP.	Eating unhealthy foods / lots of sweets & chocolate.	Rohini.
Day - 5	P. Suresh Age : 22 Topic : Food habits Add : Sai Balaji Residency, Akkayapalem, USP.	Eating healthy and unhealthy food.	Suresh
Day - 6	A. Nagarajana Age : 41 Topic : Food habits Add : Sai Balaji Residency USP.	Not eating food on time and unhealthy food.	Nagar Jana.

WEEKLY REPORT

WEEK - 5 (From Dt. 26-10-22. to Dt. 31-10-22.)

Objective of the Activity Done:

Detailed Report: In this week-5, I had created some more questions on food habits on our daily basic eating. This are the last questions of community project survey.

This week-5, I was added another residency for survey in that most of the younger and older persons about not having in healthy diet and eating junk foods, sweets, chocolates, oily foods which will brings unhealthy life to them.

In that community some people who are also maintaining healthy diet and eating nutritious food. They said eating a lot of vegetables, fruits gives no vitamin and protein and I asked all people about how many meals they eaters in a day.

And some of the people were not drinking enough water and I suggested them eating a healthy food and drinking enough water in a day will make your healthy life good & better.

CHAPTER 5: OUTCOMES DESCRIPTION

Details of the Socio-Economic Survey of the Village/Habitation Attach the questionnaire prepared for the survey.

My survey was done in the location of dabagardens and Akkayapalem, visalhapatnam. The survey was done on each and every house for the project purpose. In that area some people are very lower in their earnings and some are middle-class families.

They are too poor and can't eat like every one. They are not having sufficient money for the healthy nutritious food to eat like every one.

So, these kind of families were didn't answered any questions for community service project.

And some of the families answered my questions they respond very well to my every question. They also gave suggestions to be healthy with consuming a healthy food in our daily life. These are the details I noticed in my area.

Describe the problems you have identified in the community

The problems I was identified in our community as they were sugar and obesity people who were under age of 40 to 70 years. And in the community some families were not eating an healthy food they were eating the food which gives them an unhealthy life. Fried, oily, sugar foods was consuming by them an unhealthy life. In my community various, to know the current problem in my community areas, to know the community were not answering to questions.

Meeting with all individuals that too personally made me to face lot of troubles in my area.

In some families they not even asking enough water and not drinking. They were only drinking 1 to 2 liter of water in a day.

Short-term and long-term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

SHORT-TERM ACTION PLAN

- 1) Every family should be provided awareness on benefits of healthy foods.
- 2) Every family should change their ideology and behaviour on the food they consuming daily.
- 3) Everyday they should be drink atleast 2 to 3 litres of water for better digestive system.
- 4) They were many of people who didn't consume healthy food so we have to suggest them and make them realize about the healthy food which will make their life healthy.
- 5) Stopping of outside junk food for a week (or) a month continuously then they will eat healthy food which includes vegetables, fruits etc.

LONG-TERM ACTION PLAN:

- 1) There should be known which food is healthy to our body.
- 2) There should be a separate course on food habits.
- 3) Every family should be get a scientific knowledge about food to eat.

Description of the Community awareness programme/s conducted w.r.t the problems and their outcomes.

I learned to many classes in the program of community service conducted by the college management.

I learned to give proper explanation on particular topic to other.

I learned the way of interacting with others and communicating and get to know the problems which they are facing and I learned the way of preparation of documentation on the problems of people. I learned to be stay with patience when others are not answering to my community service project.

I learned to speak straight forward and fairly with other.

If they eat an unhealthy food then they will get unhealthy.

Through this program all are noticed that consuming / taking of healthy food gives us healthy life and this program teach every one to be healthy.

CHAPTER 6: RECOMMENDATIONS AND CONCLUSIONS OF THE HWI PROJECT

Recommendations:

- ⇒ Small water enter points (SEPs) to complement piped water supply.
- ⇒ piped water supply: pilot 24/7 water supply initiative and build local capacity.
- ⇒ Digital Tools: Improve e-governance for digital tools.

Conclusions:

Only a few of which are discussed here rivers & streams demonstrate some capacity to recover from the effects of storms.

But lakes, bays, ponds, sluggish rivers and oceans have little resistance to the effects of water pollution.

It is highly recommended to promote the concept of healthy cities
at the local level. This will be achieved by... with...

Student Self-Evaluation for the Community Service Project

Student Name: *A. Pawan*

Registration No: *21010805090*

Period of CSP: From: To: *Road Work*

Report 1:

As per the part of internship. We students conducted a survey of food habits in a certain area and learned many things about food habits. There has been a growing awareness of the environmental impact of food production and consumption. This has led to an increase in the popularity of sustainable and organic food, as well as a focus on reducing food waste.
