CHAPTER 1: EXECUTIVE SUMMARY

The community service report shall have only a one-page executive summary. It shall include a brief description of the Community and summary of all the activities done by the student in CSP and five or more learning objectives and outcomes.

I visited the Kalliveedhi for the community service project it is located in Virakshapatnam it is established in 1914 initially it is called King Edward VII coronation market. This is started by the very first Kalliveelli built in the city.

According to historical records the market was actually a gift to the city by the Rajah of Kumpam on the occasion of King Edward VII coronation.

I went to the Kumpam market to aware the people regarding COVID-19 vaccination. I know how many people are been vaccinated. Last day I went to a house to ask several questions regarding vaccination. I explain the advantages of vaccination and also disadvantages of vaccination if they are not vaccinated.

In this area so many people are illiterate so my friends are advice that people and collect the questionnaire.

Objectives:-

1. To change the illiterate people to become literate people
2. provided quality :- it is gives equality to all people living in a territory it gives equal chances and opportunities
3. To motivate people program are working for the motivation of community people
4. Change thinking it gives new directions to the changing we style the positive thinking about the people
5. To create interest it mobilises the attitude by people to participate in the connective work for the community development

Outcomes.

- * Greater sense of personal efficacy, personal identity, spiritual growth
- * Greater interpersonal development, particular the ability to. work with others and build leadership and communication skills

CHAPTER 2: OVERVIEW OF THE COMMUNITY

- About the Community/Village/Habitation including historical profile of the community/habitation, community diversity, traditions, ethics and values.
- Brief note on Socio-Economic conditions of the Community/Habitation.

Pelli Veedhi

Initially called "King Edward VII coronation" this is said to be the very first market built in the Visakhapatnam city.

According to historical records the market was actually a gift to that city by the Rajah of Kollivesthi on the occasion of King Edward VII's coronation which gave the place alternative name.

It was opened to the public in 1914.

The market was rectangular and had four eaves with the eaves marked by overhanging semi-enclosed space which was used for selling vegetables.

This market is very beautiful and this has the great historical value.

Nowadays this market has shops and vegetable shops. Many people are going to market and buy the vegetables.

This market is very peaceful and beautiful. There people are unique and live together especially.

This market is the first gold & silver selling market. There are so many medicines available for all types of diseases.

Finally it is open to the Visakhapatnam only.

CHAPTER 3: COMMUNITY SERVICE PART

Description of the Activities undertaken in the Community during the Community Service Project. This part could end by reflecting on what kind of values, life skills, and technical skills the student acquired.

First I visited the community of Kelliveethi market I went to the houses and ask the questions regarding covid-19 Vaccination screening report in this project learned several life skills and so many information about the community

At the time of asking questions in that some people they dont know about Vaccination and use of Vaccine so many elder people are illiterate they dont have life thinking. General Knowledge

I explained and advice the use of covid-19 Vaccination and encourage for them to Vaccinated some people are very illiterate they dont understand Technical language so with the help of mobile translate the language into Telugu and said to that people with this programme

I acquired the Technical skills using of mobile phone with this Community Service project I learned so many new informations & tips skills this project is very helpful for the communication of new people and to become braveful in the society and This Project effect the self confidence to me and become patience and soulful happiness

Describe the problems you have identified in the community

During the survey of community service project I observe several problems in the community I observed mainly water problem that I faced the people in this community (Kwaryamarket) more than 1500 people were living but the water were supplied by municipal Corporation only 1 hour or 45 minutes in some days the water is not come so the people were frequency a among themselves for unavailability of water

Another problem is observed in the community is Garbage to this community only Garbage box available but the people are more so, due to the unavailability of Garbage boxes the people suffering diseases & the community gas badsmell so this community had facing mainly this 2 problems

Short-term and long term action plan for possible solutions for the problems identified and that could be recommended to the concerned authorities for implementation.

I observed the community and write the problems i.e water shortage for this I write a letter to GVMC (Governing Village Panchayat Municipal Corporation) to solve this problem in community

For few days the higher authorities were surprised and the problem that faced the community the people are very happy for solving this problem. I feel very happy. Thank you to Andhra Pradesh Government of Council for implementing Community Service Project [CCP]. Due to this program every student has responsibility to One Community and a responsible citizen.

Especially me & my friends special greetings to our chief minister Sri Jayan Mohan Reddy garu for approving and implementing this CCP programme.

Description of the Community awareness programme/s conducted w.r.t the problems and their outcomes.

Community awareness programme (CSP) is the one of best program that have been implemented by andhra Pradesh Government.

Due to this CSP program every student of degree has visited the One Community and observe all problems & survey of that community.

So every student know the social-economic survey of those community & history it as a very best program after the completion of survey they have the problem and written letter to higher authorities to solve that problem so that every student know the total communication when time to speak the people in which way to advice the citizen in the community.

So the people were very happy to solve the problem in those community to this the student but happy the government also know the state problem in July for uploading student of projects for that the Government also the action regarding community problems.

We thanks to our honourable chief minister Sri Jagan Mohan Reddy garu. For implementing this Community Service project. & special greetings to Andhra Pradesh state council of higher education (APSCHE)
