## CHAPTER 1: EXECUTIVE SUMMARY

The community service report shall have only a one-page executive summary. It shall include a brief description of the Community and summary of all the activities done by the student in CSP and five or more learning objectives and outcomes.

I visited the Kurupam market for the Community Service project. It is located on Visathapatnam. It is established in 1914. Initially, it is called 'King Edward VII Coronation Market'. This is stated to be the very first market built in the city.

According to historical records, the market was actually a gift to the city by the Rajah of Kurupam, on the occasion of King Edward VII's Coronation.

I went to the Kurupam market to be aware of the people regarding COVID-19 vaccination & know how many people have been vaccinated. First day I went to a house & ask several questions regarding vaccination. I explain the advantages of vaccination and also disadvantages of vaccination if they are not vaccinated.

In this area, so many people are illiterate. So we & my friends are advice that people and collect the questionnaire.

### Objectives:

1. To change the illiteracy people to become literate people.
2. Provided equality: It gives equality to all people living in a territory. It gives equal chance and opportunities.
3. To motivate people: Program's are working for the motivation of community people.
4. Change-thinking: It gives new directions to the changing life style to the positive thinking about the people.

5. To create interest: It mobilizes the attitude of people to participate in the collective work for the community development.

### Outcomes:

- \* Greater sense of personal efficacy, personal identity, spiritual growth.
- \* Greater interpersonal development, particularly the ability to work well with others, and build leadership and communication skills.

## CHAPTER 2: OVERVIEW OF THE COMMUNITY

- About the Community/Village/Habitation including historical profile of the community/habitation, community diversity, traditions, ethics and values.
- Brief note on Socio-Economic conditions of the Community/Habitation.

### Kurupam market

Initially called 'King Edward VII Coronation Market', this is stated to be the very first market built in the Visakhapatnam city.

According to historical records, the market was actually a gift to the city by the Rajah of Kurupam, on the occasion of King Edward VIII's coronation, which gave the place its alternative name.

It was opened to the public in 1914.

The market was rectangular and had four entrances, with the centre marked by a large rectangular semi-enclosed space, which was used for selling vegetables.

This market is very beautiful and this has the great historical value.

Nowadays this market has shops and vegetable shops. So many people are went to market and buy the vegetables.

This market is very peaceful and beautiful. These people are unique and live together ethically.

This market is the first gold & silver selling. This market has so many health medicines available for all types of diseases.

Finally, it is a great <sup>achievement</sup> to the Visakhapatnam city.

At the time of asking questions in that some people they don't know about Vaccination and use of vaccines. So many elder people are illiterate they don't have life thinkingness

Some people are very illiterate they don't understand technical language so, with the help of mobile phone translate the language into Telugu and said to that people with this programme I acquired the technical skill using of mobile phone.
