ACKNOWLEDGEMENTS

primarily I would thank god for being able to complete this project with success. Then I would like to thank my science teacher Mrs. Dr. A. Archana, whose valuable guidance has been the success. Her suggestions and her instruction has the completion of the project.

Then I would like to thank my parents and friends who have helped me with their valuable suggestions and guidance has been helpful in various phase of the completion of the project.

last but not the least I would like to thank my class mate who have helped me a lot.

CHAPTER 2: EXECUTIVE SUMMARY

The community service report shall have only a one-page executive summary. It shall include a brief description of the Community and summary of all the activities done by the student in CSP and five or more learning objectives and outcomes.

- * Community service project is an experiential learning strategy
- * that integrates meaningful community service with instruction participation, learning and community development.
- * Community service project involves students in community development and service activities, and applies the experience to personal and academic development.
- * Community service project is meant to link the community with the college for mutual benefit. The community will be benefited with the focused contributions of the college students for the village local development.
- * The college finds an opportunity to develop social sensibility and responsibility among students, and also emerge as a socially responsible institution.

CHAPTER 1: OVERVIEW OF THE COMMUNITY

About the Community/Village/Habitation including historical profile of the community/habitation, community diversity, traditions, ethics and values.
Brief note on Socio-Economic conditions of the Community/Habitation.

In communities, health is a product of many factors and many segments of the community can contribute to and share responsibility for its protection and improvement. Changes in public policy in public and private sector roles in health, and health care and in public expectations, are presenting both opportunities and challenges for communities. Addressing health issues

performance monitoring offers a tool to assess activities in the many sectors that can influence health and to promote both collaboration and accountability in working, especially, within the framework of a community based health improvement process.

This report from the Institute of Medicine (IOM) Committee on using performance monitoring to improve community health draws on a timeline the elements of a community health improvement process discuss the performance monitoring can play in this process.

CHAPTER 3: COMMUNITY SERVICE PART

Description of the Activities undertaken in the Community during the Community Service Project. This part could end by reflecting on what kind of values, life skills, and technical skills the student acquired.

By getting involved in community service at a young age student benefits in a lot of ways.

- * Develops an increased sense of social responsibility, a global view of society and a heart for giving back and helping others.
- * provides an opportunity to apply academic learning to real life events.
- * Builds relationships and social connectedness and exposes students to diversity and multiculturalism.
- * Improves lifelong communication, interpersonal and critical thinking skills.
- * Helps students find their passions and interests.

WEEKLY REPORT

WEEK - 4 (From Dt. Dec. 19..... to Dt. Dec. 25.....)

Objective of the Activity Done:

Project Final Report writing.

Detailed Report:

In this fourth week we the five members of our team and gathered in college and analyzed the raw data collected during survey. Both central and state government.

implemented Health scheme Health care Awareness programs. Explain the many people health care

The primary data was clearly and The neatly observed and created of data and represented data in photos we made final report of our survey data and submitted in college. Then we discussed within our team on the final report, and how to make it we analyzed the raw data and made tabulation of raw data for easy understanding and further study we have worked daily 6 hours for this project. Totally we have work so have to complete.

Then the final report was made with the tabular data graphical data diagrammatic data and description of data. At last we submitted our report to the college.

We have worked only 6 hours for this project. Totally we have worked 180 hours. (30 days x 6 hrs = 180 hrs) to complete and submit.

CHAPTER 5: OUTCOMES DESCRIPTION

Details of the Socio-Economic Survey of the Village/Habitation. Attach the questionnaire prepared for the survey.

Socio-Economic survey of (Purva) Pukharedhi
Pukharedhi Area is economically and socially stable area. The economic conditions of Area are very fine as everyone own their own houses and do work for living to all families are struggling financially as of their physical disability. The Area is socially very fine that how our people have coordination among them. They used to live in segments according to their communities. Many people used the health care awareness program.

Questionary used in the survey.

* What is source of income to your family?
* Do you know anything about the Health care awareness program? If so through what did awareness center
How many people Health care Awareness through have received care program in your home?
* Health care awareness programmes how many used people?

Describe the problems you have identified in the community

problems in Bukhaveedhi areas:-

- * Treatment of upper class community people with lower class is not fine.
- * No one knows the exact government schemes.
- * Many people used the health cards heavily used middle class families.
- * To provide with the support of existing AWP facilities like Anganwadis and Asha workers.
- * To conduct monthly growth monitoring and promotion (GMP) sessions for all children under age 2 with the support of Anganwadi associates.
- * To conducting TFC activities on health nutrition, water and environmental sanitation and promoting.
- * About health related programs the people don't know. Those programs the people not be used.
- * Ensure promotion of health seeking behaviour and healthy behaviour practice.

Description of the Community awareness programme/s conducted w.r.t the problems and their outcomes.

Community Awareness programmes -
an total of 7 Community Awareness programs were conducted in (Pangoreju) fishing harbor, Bukharedu area topics.

- 1) Rashtriya samithya Bheem yojana.
- 2) Pradhana Mantri samithya suraksha yojana.
- 3) pulv polio program
- 4) Arogya sa pathakam
- 5) Child Health Immunization
- 6) HTV
- 7) Kushi Disease

Rashtriya samithya, Bima yojana is a government-run health insurance program for the Indian poor. The scheme aims to provide health insurance coverage to the unrecognized sector. workers belonging to the BPL category and their family members belong to be beneficiaries under the scheme. pulv polio is an immunization campaign established by the government of india to eliminate poliomyelitis in an immunization campaign established by the government of india to eliminate poliomyelitis in india by vaccinating all children under the scheme. nothing special to say about Arogya shru scheme. Through this lab of poor people.

Student Self-Evaluation for the Community Service Project

Student Name: P. Cavanaya.

Registration No: 720130805252

Period of CSP: From: Oct-1 To: Dec-28

Date of Evaluation: 16-3-2023

Name of the Person in-charge: A. Archana. HOD Zoology.

Address with mobile number: Vishakhapatnam 9390190949.

Please rate your performance in the following areas:

Rating Scale: 1 is lowest and 5 is highest rank

1) Oral communication	1	2	3	4	5
2) Written communication	1	2	3	4	5
3) Proactiveness	1	2	3	4	5
